FINANCIAL THEMES.

THE CALVERT SUGAR REFINERY. THE CREDITORS CALL FOR A GENERAL ASSIGNMENT -CONFORMITY WITH THE REQUEST BY THE DIRECTORS-THE ASSETS NOMINALLY \$370,000

MORE THAN LIABILITIES. BALTIMORE, Sept. 2 .- A general meeting of ereditors of the Calvert Steam Sugar Refluing Company held to-day at noon. Between forty and fifty were sent. Enoch Pratt, President of the Farmers' and Planters' National Bank, was elected President, and Andrew Reid, Secretary. George S. Brown of Alexander Brown & Sons read a paper detailing the objects of the meeting The report of the Committee of Creditors, appointed to investigate the affairs of the Company, was next read. It

stated:

After the most careful examination, your Committee are satisfied that the indebeduces of Stirling, Ahrens & Co. to the refinery will be all of \$1,000,000, of which there was due by them in each and company's notes the sum of \$295,000 on the 1st of July, but the fact was carefully concealed from the Roard of Directors by the presentation of a false balance sheet. At the same time there were other large sums due by them for property of the refinery previously abstracted and applied to their own uses, and subsequently other items of cash and notes of the refinery were issued and obtained by them without giving value for them, until, as stated above, the sum total used in this way amounts to \$1,000,000, of which \$507,000 is represented by bills payable of the scinning Company, and is included in the accompanying statement of its liabilities. But we feel satisfied that no part of this sum was used during the past week for the purpose of securing debts previously contracted, and by this means giving an undue or unlawful preference to some creditors over others. Notes to the extent of \$125,000 were discounted by banks and individuals, who paid over the proceeds at the time. Your Committee found the purchasing account of the Company, representing the stock of sugars on hand, greatly overstated in consequence of the above abstractions, but believe that the following figures represent the true condition of the toonpany as nearly as it is possible to arrive at it in the present condition of the hooses, they having been at great pains to verify the stock of sugar and material on hand as set forth in the statement:

w	The in the statement;			
	Stock of sugars and honeblack \$589, Cash in bank 41, Open account and bills receivable 788,	ana.	990	
	Making a total of. \$1,413. Due by Sirling, Ahrens & Co. 1,635. Cost of refinery and machinery 660.	258	(OD:	
	Total assets \$ 057,			
	Rills payable \$2.585. Other liabilities, estimated 100.	748	63 37	
	Total Habilities \$2.686.	000	00	

Before suggesting any plan to recommend to the creditors of this Company, your Committee would take occasion to remark that, after careful examination of the subject, this is a most valuable property, and that but for the wholesale robbery of so large a portion of the Company's assets by its trusted agents, it could, under proper management, not only have paid every dollar of its liabilities in full as they matured, but would have yielded regular and remunerative dividends to its stocchielders, be well satisfied are we of this, that if it were practicable to obtain the unanimous consent of its creditors to take 25 per cent of their claims as cash as they mature, and merge all the balances in stock and bonds, and thus become owners and controllers of the Company and its property, we would be prepared to recommend it; but in view of the large number of creditors being banks and other corporations, and in view of the diversity of confion which will siways prevail in a body of creditors in a matter of this kind. We do not deen this practicable, and we are therefore prepared to recommend that the creditors should at once require an assignment to be made by the Caivert Sugar Redning Company of Baltimore to the proper trustees of the entire nasets and property of the Company for the benefit of all the mend that the creditors should at once require an assignment to be made by the Calvert Sugar Refining Compuny of Baltimore to the proper trustees of the entire nasets and property of the Compuny for the benefit of all the creditors, without preference or priority, and that said trustees be invested by the creditors with full power and authority to continue the refinery until all the present stock of sugars, molasses, etc., is worked up, and to convert the product and all other assets into money as specifity as possible; and also to make sale of the refinery, real estate, machinery, good will, etc., pertaining to it; and so soon as sunfacent tands are in hand to admit of paying a dividend of 10 per cent such dividend should be declared and paid; and further dividents from time to time, as last as the money can be realized.

Should this plan be adopted the creditors will get all the assets of the Company, and no one will feel compelled to become unwillingly interested in the business of refining sugar, while tuose who suproceate the advantage of this valuable property and its business will have an opportunity of at once organizing a new company with such amount of capital as they may deem indicious, and of purchasing from the trustees the real estate, buildings, machinery, good-will, &c.; and arrangements may be made to afford to every creditor who may be disposed to embark in such an enterprise an opportunity of the following resolution was then alopted:

HENRY JAMES.

The following resolution was then alopted:

The following resolution was then adopted : Resolved, That the President and directors of the Calvert Sugar Beining Company be requested to make an assignment of all their property and effects to Messrs. B. P. Newcomb and C. Morton Stewart, as trustees for the benefit of all the creditors, in accordance with the report of the Committee submitted to-day, and that their commission shall be 1 per cent, but not in any event to exceed \$10.000 each.

The meeting then adjourned. At a meeting of the Board of Directors this afternoon, they consented to sarry out the recommondations of the creditors, and their

ana, in regard to the payment of interest on the bonds of nothing to do with providing means for paying the in nothing to do with provining means for paying the in-terest. The Legislature alone can do that. As the funds designed for the purpose are lost in the failure of the South Carolina Bank and Trust Company, it will be nec-essary for the Legislature, which meets on the fourth Tuesday of November, to provide other funds. My personal

udgment is that the interest will be paid on the 1st of

January next." The total amount of new consols that have been issued by the State, it is said, is \$3,100,000. When the total amount of the old debt is funded in new consols the State debt will not exceed \$5,800,000. A circular has just been issued to the holders of North Carolina State bonds, asking for their concerted action in the appointment of a delegation to be sent to attend the Constitutional Convention which is to meet in Raleigh on Sept. 6. This delegation is to confer with the members of the Convention upon the subject of procuring the introduction of a clause in the new Constitution, by which the manner and time of payment of the State

which the manner and time of payment of the State bonds may be settled. The new consols new issued, it is stated, amount to about \$1,500,000, which draw only two per cent semi-annually. Nearly all the bends, it is said, are held by persons residing in New-York State.

The several series of Louisiana State bonds which have been converted into new consolidated 7 per cent bonds up to August 20, 1875, amount to \$7,106,400; in addition to which \$750,684 59 of State warrants have also been funded at 60 cents on the dollar. The new consolidated bonds, as far as issued, are as follows:

4.30 bonds of \$1,000 each. \$4,490,000
1,055 bonds of \$100 each. \$10,500

Total. \$4,728,000
Of the above amount of old bonds, \$888,000 are levee bonds, issued under the act of 1867, and \$774,500 are special levee bonds, issued under the Act of 1870 of the Brate of Lordshaua, the validity of which was recently determined by the Supreme Court.

TELEGRAPH INTERESTS. RELATIONS OF THE WESTERN UNION AND SOUTHERN

AND ATLANTIC COMPANIES. A statement was made yesterday that the officers of the Western Union Telegraph Company had given notice to the "Southern Pacific Telegraph Company" that they wanted the lines belonging to the Western Union, from Washington to New-Orleans which the Southern Pacific was using. This led to some in quiry during the day as to whether there was any pros pect of a ruption in the agreement recently concluded between the Western Union and the Southern and Atlantie Company. In reply to inquiries upon the subject, Charles W. Blossem, President of the Southern and Atlan tic, stated to a reporter of THE TRIBUSE that an arrangement was concluded last March between the officers rangement was concluded hist March between the officers of his Company and those of the Western Union, by which a certain number of when of the latter Company between Washington and Boston were leased for a term of years to the Southern and Atlantic. "Between Washington end Now-Orleans," he said, "the Southern and Atlantic Company owns its own lines in fee simple, thus forming the only company line in the Southern States with the Western Union. The Atlantic and Pacific Company have no lines south of Washington, while they are able to reach the latter point only over the wires of the Franklin Telegraph Company. I know of no disagreement existing between myself and Mr. Orton, or divern any of the other officers of the two companies. As we control our own leased wires this side of Washington, while south of that point we are still more independent by owning wires, poles, and right of way, I can see no occasion for any misunderstanding between us."

At the office of the Western Union President Orton made substantially the same statement in regard to the lease of the wires of his Company, and added hist the relations exciting between the two companies were of the most pleasant character, and he knew nothing whatever regarding any contemplated change.

MERCANTILE FAILURES.

NEW SUSPENSIONS FOR SMALL AMOUNTS-FURTHER DETAILS OF OLD BANKEUPTCIES-INSOLVENT

FIRMS IN THE COURTS. W. H. Hewitt, commission merchant at No. 3 Bowling-green, gave notice yesterday to the Produce Exchange, of which he was a member, that he was unable to meet his engagements. Mr. Hewitt was the agent of the house of Hewitt & Son of London, which failed recently. His habilities, it is believed, will not exceed

\$3,000 or \$4,000. William Neustaedter, commission merchant and manu-

facturers' agent, at No. 46 White-st., suspended payment about two weeks age. A reporter of THE THIBUME called at his store yesterday afternoon, and saw Joseph Neustaedter, the assignce, who stated that the stock had been transferred to him, and that he was managing the business for the benefit of the creditors. He declined to give a statement of the liabilities and assets. The alleged assignment had not been filed in the County Clerk's office up to a late hour yesterday.

The assignce of S. A. Castle & Co., Leopoid Bambeyer, yesterday filed his bond in the Court of Common Picas, Jacob Waldheimer and Joel E. Hyams becoming his sureties, in \$30,000 each, and each justifying in \$60,000. John H. N. Glassford, assignce of Friend Pitta, also filed his bond for \$10,000, Jannes Glassford and Daniel S. Bedeil becoming his sureties.

his bond for \$10,000, James Glassford and Daniel S. Bedeil becoming his sureties.
Judge Brady, in Supreme Court, Chambers, yesterday, denied the motion of the National Broadway Bank to enjoin the trustees of the International Packing Company. The motion was made on the ground that the assets of the Company were compromised with the affairs of Archibald Baxter & Co. Judge Brady refused the injunction on the ground that as set of 1870 prohibited courts from granting an injunction, the effect of which would be to suspend the ordinary operation of a company, except upon 10 days' notice, and directed the plaintide, attorneys to give such motice.

In the United States District Court, yesterday, Edward S. Torrey and Joseph Torrey, filed a voluntary petition in bankruptcy. They are dealers in weather strips, feereram freezers, and door-springs, at No. 166 Fulton-st. According to the schedule, their liabilities amount to about \$20,000, and their assets will cover that amount.

Coe & Mulleny, sewing-machine dealers in Jersey City,

ENGLISH VIEWS OF THE ERIE RAILWAY. ADVICE OF FOREIGN STOCKHOLD RS TO BE CONSID-ERED IN THE MANAGEMENT OF THE ROAD-A

REORGANIZATION TO BE EFFECTED. Sir Edward Watkin and Sir Joseph Heron, members of the English Committee appointed to inspect and report upon the condition of the Eric Railway, preparatory to taking steps toward its reorganization, turned to this city on Wednesday evening by the way of Montreal, after completing their tour of inspection of the road, its local property, and its rolling-stock.

A meeting of the Eric Board of Directors was held yesterday at the general offices in this city, and in the absence of Mr. Jewett the Hop. Lucius Robinson of Elmira, N. Y., was called to the chair. Messrs. Barlow and Stobbins were appointed a committee to wait upon Sir Edward Watkin, Sir Joseph Heron, and John Morris, the representatives of the English bond and stockholders in Erie, and to invite them to a personal acquaintance and conference with the Board. In the course of their remarks the English gentlemen expressed themselves well pleased with the physical condition of the road. Sir Edward Watkin spoke of the manner in which the tour of inspection had been made, and said that what he had thus far seen led him enddently to think that with harmonious and energetic action, the property might be made to pay good dividends on the investment. He expressed the hope that the road might be restored to regular manage ment without the intervention of a foreclosure. The subject of reorganization was not discussed. Late in the afternoon the following message was telegraph d to

NEW-YORK, Sept. 2.
Walkin and Morris to the Eric Committee General
London: London:
Principles of arrangement have been settled with Mr.
Jewett and the Eric Board.

In conversation with a reporter of THE TRIBUNE last evening, Sir Edward said, in explanation of the dispatch, that Mr. Jewett and the Board of Directors had agreed to set hereafter with due regard for the advice of a London Committee of Consultation, which should represent the views and wishes of the English bond and stockthe views and wishes of the English bond and st holders. This arrangement, he said, amo-ed to little more than an informal agreem which was legally binding upon nobe but which would command the good of all Englishmen interested, so long as the co-marked out was followed in good faith. The Commi-have been in consultation with Mr. Jewett for two di-past. Sir Edward said that he and his colleagues w-satisfied that Mr. Jewett was an hon-rable and hor gentleman, and by this agreement had seen the confidence and cooperation of the English is resentation, which would support him as a as his actions represented the expressed wishes of London Committee of Consultation, which would be g-etned in its requests by a reasonable consideration of the interests concerned. The English bond and si-loiders, he said, were finally in a position to exercondon Committee of Consideration, where would be geterned in its requests by a reasonable consideration of all
the interests concerned. The English bond and stockholders, he seid, were finally in a position to exercise
some authority over the property. Their interests had
been heretafore socificed to divergence of views and
want of interest. The change that had come over
them amounted to in "uprising of the people,"
to use a political phrase. English interests
in Eric had firmly clasped hands, and would hereafter
vote as a single voice. They had regreted exceedingly
the appointment of a receiver, but now thought that the
way was clear to speedy and thorough reorganization
without serious damage to the property and interests of
the road. As soon as reorganization was effected they
should strive for economical and active management,
and thought English interests had the power to command:
it. He said that while certain portions of the road were in
poor condition, in the main he thought Eric would compare favorably with any American railroad he had
passed over, the first hundred miles of the Hudson
River road excepted. The "New Eric" will give its
attention to internal development, and waive all ambitions schemes which have proved so disastrons in the
past, and would be satisfied in effectually controlling
what was strictly its own property, and leave railroad

sarry out the recommendations of the creditors, and their sounsel. Thomas J. Donaldson, was instructed to draw up the bill of assignment.

BONDS OF SOUTHERN STATES.

PHE UNPAID INTEREST OF SOUTH CAROLINA—FINAN—CIAL AFFAIRS OF NORTH CAROLINA AND LOUIS—IANA.

A communication was received in this city feeterday from Gov. D. H. Chamberlain of South Carolina in regard to the payment of interest on the bonds of Erie.

THE NEW-JERSEY EMBEZZLEMENT. EXAMINATION OF MR. SOOY-THE LOSS \$11,116-

COMMITTED TO JAIL. TRENTON, N. J., Sept. 2.-The examination of the late State Treasurer Sooy took place to day. Attorney-General Vanatta and M. Beasley, jr., appeared for the State, and A. G. Rickey for Sooy. The Cashder of the Pennsylvania Railroad Company was examined at length in regard to the moneys paid to the State Treasurer. These payments were substantiated by vouchers and receipts. C. J. Anderson, Assistant-Controller, and A. L. Runyon, Controller, and Charles M. Harker, Gashier of the Union Bank of Mount Holly were all examined. The exact deficit is ascertained by these witnesses to be \$14, 116 66. The justice held him in \$75,000. No bail was offered and he was fully committed. The Committee hage not yet reported.

WALL STREET NOTES.

The report was circulated on Wall-st. yesterday that \$2,000,000 in gold had been sent during the day to banks in California, and that \$50,000 had been sent the day before. No confirmation of the report, how ever, could be obtained, and it was generally discredited The committee appointed on Wednesday by the Stock Exchange to draft resolutions referring to the death of Exchange to draft resolutions referring to the death of O. W. Schack, one of the old members of the Exchange, submitted their report yesterday, and it was adopted. After very complimentary speeches from James W. Falher and Charles Graham, an additional committee of fifteen was appointed if attend the funeral of Mr. Schack. It was also ordered that the flag of the Exchange be placed at half must to-day.

The President of the Produce Exchange appointed yesterday Messrs, Martin, Ameury, and Hicks to act as the Committee on Complaints for the menth of September.

WASHINGTON TOPICS.

MAILS FOR SEPTEMPER BY THE ATLAS LINE.

Washington, Thursday, Sept 2, 1875. The Post-Office Department, has been advised that the steamer Atlas of the Atlas Company, announced as to sail on the 10th of September, with United States mails for Hayti and Venezuela, and the Claribei of the same line, announced for the 18th of September, with malls for Jamaica and the United States of Colombia, will not sail on those dates. The other steamers of the same line will sail as follows with United States mails for the places named below: Alps, Sept. 8, with mails for Jamaica and the United States of Colombia; Atlas, Sept. 25, with mails for Hayti and Jamaica; the Etna, Sept. 29, with mails for Hayti and the United States of Co-

VERY IMPORTANT ARRESTS OF COUNTERFEITERS The Secret Service detectives of the Treasury Department made some very important arrests in St. Louis to-day, consisting of Hubbard of St. Louis, Maions of North Carolina, Dull of Virginia, and Flint of Tenee. Hubbard is known as a very old and extensive dealer in counterfeit money, supplying dealers in the States of Tennessee, Alabama, Mississippi, North Carolina, and Kentucky. He furnished \$10 notes on the Ricumond (Ind.) Bank, and 50-cent, \$20, and \$50 Treasury notes. Fifty ave hundred dollars was captured with the men arrested.

AN EXPECTED DIVIDEND NOT PAID.

Yesterday and to-day a large number of the positors of the Freedmen's Savings Bank crowded the rooms of that institution expecting to receive a dividend of 25 per cent. They had been misled by unauthor ized newspaper statements that such a dividend would be made on the 1st of September. The depositors were informed by the clerks that a dividend would not be de-chared before Christinas, the remaining sum for that pur-pose, namely \$75,000, having yet to be realized. CONSCIENCE MONEY.

The United States Treasurer to-day received from New-York one-half of a \$500 bill, the writer saying that as soon as the receipt of that portion was announced he would send the other half. The remittance is on ac-count of unpaid infernal revenue taxes. A VALUABLE MAN CAUGHT AND SUDDENLY

who was released through the action of the Police Cour brought here and recognised by the officers of the Police Court, and then allowed to go at large. It is openly charged that the person arrested secured his discharge because he was the person first approached by Nettle ship to assist him in the safe burglary last Spring, and for fear he would disclose some actor in that crime.

THE BANK OF CALIFORNIA.

PROBABLE RESUMPTION OF THE BANK. AUTHORITATIVE ASSURANCE FROM MR. MILLS-MEN READY TO BUY UP THE STOCK OF THE BANK-RESUMPTION OF THE MERCHANTS' BANK-BUOY-

ANT FEELING AMONG BUSINESS MEN. SAN FRANCISCO, Sept. 2 .- Mr. D. O. Mills authorizes the statement that capitalists interested in the Bank of California will obtain transfers of stock from the stockholders, reheving them from liability and guaranteeing them against loss. They will also subscribe the funds necessary to place the bank in a condition to pay all demands and put it on a sound basis. Should any surplus arise in the settlement, it will be credited pro rata to the stockholders. This arrangement will go into effect in a few days. All the clerks of the Bank of California were discharged yesterday. There is reason to believe that the directors of the bank are negotiating with the Oriental Bank of London for assistance in case of resumption.

The Merchants' Exchange Bank opened its doors at the usual business hour this morning. The National Gold Bank and Trust Company report an im provement in their prospects for resumption, and the

officers are evidently in good spirits. There are signs that money will soon be easier. In addition to the disbursements by the United States Treasury, the United States Branch Mint in this city will be ready to issue about \$2,000,000 in coin in a few days. The prospect is brightening, and the feeling is decidedly buoyant among the business men of the city. There is a strong feeling among well informed financiers that arrangements will be made to secure the depositors of the Bank of Califernia against any loss, whether resumption takes place or not. Especially has the authoritative assurance of the speedy reopening of the bank produced an excellent effect on business prospects. The Executive Committee of the Board of Brokers today appointed a business meeting of the Board for to-morrow, to consuit on the re-amption of business. A feeling of great confidence prevails.

CHARACTER OF THE EFFORT TO REVIVE THE BANK. LAURR.-The latest report in regard to the Bank of California is, that an effort is being made by the leading stockholders of the suspended bank to establish a new institution under a syndicate, to take possession of the a sets and compromise the obligations of the old bank

COIN TRANSFERS TO THE BANKS. HALF A MILLION PAID OUT TO-DAY-A MILLION MORE

ON HAND AT THE MINT. San Francisco, Sept. 3-1 a. m.-Director Lindeman of the United States Mint has transferred \$500,000 of Mint famils to the credit the Sab-Treasurer, who has placed same for the benefit of the banks. They have placed a similar amount to the credit of the Government in New-York. Of the \$500,000 paid out to-day the Anglo-Californian Bank gets \$200,000, the Merchants' Exchange Pank \$200,000, and the London and San Francisco Bank for a bank in Portland mend a certain contract with the Company for blankets. \$50,000. There is still over one million dollars of coin in the bullion fund of the Mint, subject to draft of the Superintendent, for the purchase of bullion. Most of this amount will soon find its way into the market, through the sale of bullion to the Mist. There was a very active demand for money at all the banks to-day, but up to the hour of closing the supply was equal to the demand. Depositors are transacting a usual business.

ATTACHMENTS OBTAINED IN THIS CITY. Drexel, Morgan & Co., yesterday obtained In order for publication of their summons against the Bank of California for \$25,000 in gold, in the suit in which an attachment has been already reported, Miller, Stoutenburgh and Peckham appearing for the plaintiffs. Henry A. Tuzo has obtained a further attachment on such property as the bank of California may have in this State, on a duaft for \$190,000 in gold, drawn on the Bank of British North America and purchased by him. Joseph Hobson and José N. Hurtado have also obtained an at-tachment against the same property on a ciaim for \$7.304 41. S7.494.41.
The Equitable Life Assurance Society of the United States obtained yesterday from Judge Brady, in Supreme Court, Chambers, a writ of attainment against the Gold Bank and Trust Company of San Francisco in a said in which they claim \$1,553.16 in gold, and \$3,094.35 in currency.

THE DRAMA-MUSIC.

THE DRAMA.

rope has given a new impulse to affairs at the Lyceum Theater, and that house will be opened next Monday. The piece chosen for the opening is Offenbach's latest open bouffe, "Madame L'Archiduc," a work in which this composer's keen power of playful satire and brilliant genius in the writing of the music of reckless revel and wanton mischief are conspicuously displayed. The opera has been carefully rehearsed, and we learn that has been carefully reneared, and to give it a mag-preparations have been made to give it a mag-nificent scenic attire. Its parts, 17 in number, have been cast to the full strength of a company which includes performers well known on the Paristan stage and worthy of professional esteem. Mile. Coralle Geoffroy, Mile. Nardyun, M. G. De Quercy, and M. E. Duplan will effect their reëntrance on the local stage; and Mile. Florence Duparc and Messrs, E. Roger, G. Castel, C. Darcy and B. Ludovic will make their first appearance here. The Chorus, mostly new, is to include 50 voices; the Band will cons. st of 25 mesicians, and both are under the competent supervision of Messrs. Van Gheie and Rosen-boom. The stage will be managed by Mons. E. Schmidt. Madame L'Archidue" has had a long career at the Bouffes Parisiens, in Paris, but we believe it will now be heard here for the first time in French. It will be perceived that Messra Grau and Chizzela, who direct the fortunes of the Lyceum Theater, have planned a brilliant return for genuine opera bouffe-which, with French and Italian drama, is to run through the whole season at the

HOOLEYS NEW THEATER IN BROOKLYN. It is made known that Mr. R. M. Hooley, in association with Mr. Bartley Campbell, the dramatist, will open this house, as a comedy theater of the first class, on the 6th of September. The play selected for the opening is Mr. Campbell's latest production, named, "The Virginian." Other pieces, by the same author, are underlined; and those judges who are sensitive and solicitou on the score of American dramatic art, will have the op-portunity afforded to them, at least in Brooklyn, of discussing that subject to the top of their bent. Mr. Campbeil has written many plays, and Brooklyn will probably see them all.

PARK THEATER.

The promised reopening of the Park Theater has been again postponed—this time to next Monday, the 6th of September. "The Almighty Dollar" will then be put into circulation, and Mr. Florence is hopeful that it may prove a strong incentive to specie payment.

WALLACK'S THEATER.

Postponement of "The Grand Duchess" to aturday afternoon is to be noted here. "Boulotte" will be given this evening for the last time. Miss Julia Mathews, it is expected, will greatly please this public as The Grand Duckess. Her success in London was sig-nal and exceptional in this character. The part of General Boum is cast to Mr. Macdermott.

BOOTH'S THEATER.

Mr. Barry Sullivan will offer to-night his ideal of the character of Richard III. On Saturday, at a matinée, he will appear as Claude Melnotte. Soon, we believe, he is to present Bererley in " The Gamester."

MISCELLANEOUS.

Mr. Raymond, as Col. Sellers, is a fixture at the Union Square Theater, where he affords that element of laughter which—while the play-going public is op-pressed, as it is just now, with a little too much Hamlet seems needful and gracious. "The Princess of Trebizonde," prettily done at Robinson Hall, gives, likewise, a tone of gayety to the passing shows. Those who seek the tone of gayety to the passing shows. Those of gargeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-gorgeous in scenery and the luxurious in color and sen-tons less than in 1873. Of all rolled iron, rails included, us beauty may find them in the Parisian spectacle of "Around the World," which continues, and moderately prospers, at the Academy of Music. Mr. George Fawcett ILET GO.

It has just become known that the man who personated flades in securing ball for Snyder, the robber.

By the Academy of Music. Ar. George Fawcett and of roded from excluding rails, we actually produced 33.779 net tons more than in 1873. Secondly, the ability of the country to consume iron and steel, since the personated flades in securing ball for Snyder, the robber.

By the Academy of Music. Ar. George Fawcett and of roded from, excluding rails, we actually produced 33.779 net tons more than in 1873. Secondly, the ability of the country to consume iron and steel, since the personated flades in securing ball for Snyder, the robber.

tephen Fiske, and Mr. William Winter; and the festiva in honor of the popular actor and dramatist was much enjoyed by a numerous company. Mr. Barry Sullivan will be entertained at the Lotos Club on Sunday next.

MUSICAL NOTES.

Prof. F. L. Ritter is engaged upon a new The Arion festival at Terrace Garden to-merrow evening includes, bealdes Reinecke's operetta, "An Adventure of Handel's," of which we spoke yester-day, an at fresco concert by an orchestra directed by Mr. Riotzel.

A Mendelssohn concert will be given at the A Menticesson concert will be given at the Central Park Garden to-morrow night, when Mr. S. B. Mills will play the G minor concerto. The selections for the orehestra include the Scotch Symphony, the music of the "Midsummer Night's Dream," and the overtures to "Athalie" and "Melusine."

INDIAN CONTRACT INIQUITIES.

A STRONG CASE AGAINST AGENT GIBSON. HABITUAL USE OF FALSE VOUCHERS-ATTEMPT TO DRAW A \$200,000 APPROPRIATION AT ONCE-THE OSAGES PROTEST AND THE ATTEMPT D DEFEATED-MR. SMITH IN AN UNENVIABLE POSITION.

Washington, Sept. 2.-Private information from the Ogage Commission not only confirms the statements of the regular dispatch, printed this morning, but makes the case against Agent Gibson still stronger. Evidence was taken to show that he had forwarded false vouchers to Washington, and that he had been in the habit of making payments for labor at the agency in checks, filled up for larger amounts than were due; and that these were cashed by a friend, and by a friend who always paid bolders the exact sum due. He has also erfered with the government of the Osages, and made and promoted chiefs, and then used their names to shield himself against charges filed here.

A certain act of Secretary Delano has secured the con-

It appears that Congress appropriated \$200,000 out of moneys due the Osages for the use of the tribe for the present fiscal year. Agent Gibson appeared here the last week in June, and on the first day of the fiscal year went to Commissioner Smith, and induced him to approve a requisition for the whole amount, and this was passed through the Secretary's office. Gibson was about to receive the whole amount, which is against all custom in paying such moneys. At this stage, a friend of the prin cipal Osage chiefs learned what was going on. He called on Secretary Deiano, and asked him if he was aware that the Osages had formally protested on two occasions against Gibson being intrusted with any more of their funds, and charged direct that Gibson had failed to ac-count for large sums previously placed in his hands. Mr. Delano said he had never heard of or seen these papers. He prouptly sent for Commissioner Smith, who, after much hesitation, admitted that such protests had come. but even then tried to induce the Secretary to let the whole sum go to Gibson. Mr. Delano, however, promptly declined. Finding that an approved requisition had gone from the Department, he immediately stopped its

syment by telegraph. Commissioner Smith's conduct in the affair occasions much comment. Had the requisition been paid, it would have opened a wide door for fraud. It is believed here that Gebsen will be removed as soon as the Secretary receives the formal report, though Commissioner Smith Indorses him strongly.

A \$1,200 FEE FOR RECOMMENDING A CONTRACT. Washington, Sept. 2 .- An agent of woolen visit, that a member of the Board of Indian Commissioners on a tour of inspection obliged his Company to pay him \$1,200 in gold before he would agree to recom-

MR. WELSH ABUSED BY A CONTRACTOR St. Paul, Minn., Sept. 2.-The Pioneer Press to-tay publishes a long letter from A. H. Wilder, Contractor for Indian Supplies, to William Welsh. The letter is excessively vituperative characterizing Welsh as " a hypocritical secondrel unwor thy the notice of decent people." Mr. Wilder infinister that in a further communication be will answer the many serious accusations heretofore made against him.

GEM. FRANCIS J. WHITE.

Information has been received of the death, in San Francisco, of G.n. Francis J, White, a gailant soldier, who served with distinction in the Union army during the civil war. He was the eldest son of the late Hon, James W. White, formerly Judge of the Superior Court in this city. He received an excellent eduand early in life gave evidence of literary ability, having contributed articles to the magazines. He studied law and was admitted to the bar. At the outbreak of the civil war in 1561 Mr. Whete, who was then in the flower of youth, was one of the first to respond to the call to arms. Resigning brilliant prospects in his profession, h known as Coi. McChesney's Zouaves, and proceeding to the field, he took part in the battle of Bull Run, and was subsequently on the Peninsula with Gen. Butler, who dremed him one of his best officers.

Transferred in the Full of 1861 to the Army of the Missis-The return of Mr. Maurice Grau from Eu- mont, the 1st Squadron of Prairie Scouts, with which he enotured Lexington, Mo., and held it thirty-six hours, although the Confederates were at hand in much larger number. Soon after he was made prisoner by the Con-He then entered Springfield, and held it against great odds until reënforcements arrived. He was presented by Gen. Fremont, for his gallantry, with a pair of elegant silver spars, bearing the inscription, "Lexington and Spring-Later he was Provost Marshal and Judge Adve cate General in Central Missouri. In the Fall of 1862 he followed Porter, the guerrilla chief, for thirteen days, and routed his band. During the period in which he rendered these gallant services, Major White had been in fifteen engagements, and was wounded three times. After a beire leave of absence he returned to the field in May, 1863, and took part in the investment of Vicksburg and the final campaign of the war. His commanders from the beginning to the close of the war were Gens. Buther, Fremont. Ord, Totten, Schoffeld, and Grant. Toward the close of the war Gen. White received the brevet of Brigneller-General, and was offered a captaincy in the regular army by President Lincoln. After being some time on military duty in Texas he set tied at Jefferson City, Mo., where he married the youngest daughter of Judge Wells, and became a member of the State Legislature. He subsequently went to California, where he resided until his death, which was from heart disease, resulting from the wounds he received and the charm fourth of the war. Gen. White routed his band. During the period in which he rendered disease, resulting from the wounds he received and the malarial fever he contracted during the war. Gen. Whits was conspicuous for his heride courage and patriotic actor. Kind and warm-hearted, he was beloved by his men who served him with zeal and fidelity. He numbered among his friends Hernee Greeley, who always evinced a warm interest in his wolfare.

THE REV. E. H. GILLETT, D. D.

The Rev. E. H. Gillett, D. D., for twenty years pastor of the First Presbyterian Church at Harlem died yesterday at the age of 50 years. He was a Professor in the University of New-York at the time of his

and of rolled iron, excluding rails, we actually produced

mised, otherwise so much of these products would

DISCIPLINE AT BLACKWELL'S ISLAND.

ARREST OF A KREPER ON ACCOUNT OF THE DEATH OF CONNOILY - COMMISSIONER BRENNAN'S METHOD TO OBTAIN WORK FROM CONVICTS.

Commissioner Brennan of the Department of Charities and Correction went to Blackwell's Island yesorday morning to investigate further the abuses in the enitentiary, and to confer with Warden Feet in regard to the future government of the convicts. Keeper James Riley was superintending a gang of 100 men in the quarry yesterday, when it was reported to Warden Fox that he had been summarily arrested, on charge of being implicated in the outrage upon the late Michael Connolly, on a warrant issued by Coroner Croker. The circumstance was kept from the convicts, as it was feared by the Warden that if the men knew that he was short-handed, there would be a general attempt to escape. Another keeper was sent to the quarry at soon as possible, and the men were kept too busy for them to congregate and plot trouble. Coroner Croker has issued warrants for the arrest of J. T. Cowenhoven and Edward Reese, but the officers to whom the warrants were intrusted had been unable to find the men they wanted up to a late hour last

Warden Fox said yesterday that ever since he was placed in charge of the Ponitentiary he had endeavored to treat the convicts with kindness, but, at the same time, to enforce the rules rigorously. The first intimation that Connolly had been treated brutally came to Commissioner Brennan through the prisoner, Sican. Warden Fox said that he believed that the encouragement that had been given to Sloan would induce other prisoners to give information when they knew of an official's bru-tality.

give information when they knew of an official's brutality.

As Commissioner Brennan was passing by the new
building, yesterday, the foreman of the work complained
that the stone-cutters did not get out the material as tast
as the masons could set it up. There were 150 of the
most refractory men in the Penitentiary engaged in this
work. Commissioner Brennan gave orders that the work
should cease for a moment, and then said: "I am going
to say something to you that you perhaps won't want to
hear. The mason complains that he don't get
his stone fast enough. Will you push the work lively if
we'll allow you cach an extra plag of tobacco a week!
All in favor of that say aye." The meanimous response
and the viscorous work which followed was apparently a
sufficient answer.

THE FIRE RECORD.

AT SHARON SPRINGS, N. Y.-LOSS \$100,000. SHARON SPRINGS, N. Y., Sept. 2.—Congress Hall, owned by Fred. H. Lang and J. H. Gardner and Sons, together with the Sulphur bathing-houses, were destroyed by fire last night. The originated near the engine-room of the bathane louse. Loss, \$100,000; insurance not known.

CANADIAN WOOLEN MILLS BURNED. Peterboro, Ont., Sept. 2.-The woolen mills of Brodle, Paisley & Co. were destroyed by fire this morning. The loss is heavy, and partially insured in the following offices: Phonix, North British Western, Imperial, and Royal. Sixty persons have been thrown out of

INCENDIARY FIRES.

Boston, Sept. 2 .- At an incendiary fire at the poor-farm at Arlington, yesterday, the barn was burned and a panper named Samuel Russell, who lodged in it, lost his life. The barn of C. H. Cutter, next to the farm, was also burned by an incendiary.

VALUABLE LUMBER PILES BURNED. CINCINNATI, Sept. 2 .- A special to The Commercial says that a fire at Edgerton, Mich., yesterday, destroyed some oiles of lumber belonging to Winegar & Shaw. Loss, \$35,000; uninsured.

A handicap match fol-lowed. There were 18 entres. Belmont was the winner, after shooting off ties with N. Earle and M. Van Buren.

A TORPEDO DAY AT NEWPORT.

PROVIDENCE, R. I., Sept. 2.-An extensive and successful exhibition of torpedo practice was made at the Torpedo Station at Newport, to-day, in the presence of the Secretary of the Navy, Senators Cragin and Anthony of the Senate Naval Committee, Admiral Porter, Commodore Rogers, Gen. Burnside, and many other officials and distinguished officials.

THE PACIFIC MAIL'S NEW LINE SAN FRANCISCO, Sept. 2.—The Pacific Mail

Company's new line to Australia will begin Oct. 9 with Company a war of the Vasco de Gama, followed by the Collina, making a monthly a rvice via Honolulu and Auckland to Sydney with steam connections thence to Melbourne.

STRIKERS' DESPERATE VOTE. FALL RIVER, Mass., Sept. 2 .- At a large neeting of weavers this afternoon a resolution was adopted expressing a determination to make the dispute

a ware question, and not to resume work until the man-infacturers are willing to pay \$2.75 per cwt. They piedged themselves to stand by this resolution, even to the point of starvation. A TRADES PROCESION SIX MILES LONG. LOUISVILLE, Ky., Sept. 2.-The trad eparade

this morning was the largest ever held in this city. The procession was six miles long, and occupied two hours in passing a given point. The Fire Department, military societies, and the manufacturing interests of the city were represented. Many persons witnessed the parade.

BASE BALL. The Mutuals of this city and the Resolutes

of Elizabeth, N. J., played yesterday on the Union grounds. The game was witnessed by a large number spectators. The Resolutes went first to the bat, but did not make a ron until the second inning, when they scored three, two of which were carned. In the first inning the Mutuals scored two runs. Neither clubs then made a run up to the fifth inning, when the Mutuals

The amateur champion Flyaways of this city defeafed the Cometa of Norwich, Chenat go County, N. Y. yesterday, by a score of 18 to 5.

The fifth championship game between the Boston Red Stockings and the Philadelphia nine was played at Philadelphia yesterday. There were ten in-nings played, when the game was called, each club nav-

In a ten-inning game at Binghamton, New-York, yesterday, the Crickets of Binghamton defeated the Stars of Syracuse by a score of 6 to 5.

A SHAM BATTLE AT A VETERANS' CAMP. CALDWELL, Ohio, Sept. 2 .- Over 6,000 persons visited the Reunion Camp to-day. The exercises of the day consisted of a short parade of soldiers with artillery, visiting addresses by Senator Cockerili of Missouri, and Gen. A. J. Warner of Marietta, and a sham battle.

A PHILOSOPHICAL DEAD BEAT. "Yes, Sir," said a gentlemanly looking man on Washington-st. Saturday. "the panic will have to come—no preventing it. You see that man just going away! Well, he has a bill against me, and he says if I will pay him that he can pay some one else, or, in other words, that if each man will pay what he owes, the others can pay, and that thus, under the rules of political economy.

omy, the thing will travel around in a circle. But he didn't calculate that the thing must have a bottom or the circle a break. You see I owe him, but the trouble is tha nobody owes me, and that breaks the circle, and the broken circle makes a panic. I am the starter." And he took a peanut and started. AN ODD FELLOWS' BANQUET.

BURLINGTON, Vt., Sept. 2 .- The Moshassuck Encampment of I. O. O. F. at Providence, R. I., arrived here from Montreal yesterday, and were given agrand banquet last night by the Burlington Odd Fellows. They left for Providence this morning.

Only six hangings in Arkansas to-morrow,
